ÖNSÖZ

Anadolu, yüzyıllar boyunca birçok medeniyete ev sahipliği yapmış kadim bir coğrafyadır. Türkiye bu kadar çok medeniyetin kültürel mirasını bağrında barındıran, nadir ülkelerdendir. Bu kadim coğrafyaya kuşbakışı baktığımızda, ülkemizin güneyinde; insanlık tarihinin sıfır noktası ve medeniyetin ilk doğduğu yer olarak kabul edilen *Göbeklitepe* ve *Zeugma*, kuzeyinde *Sümela Manastırı*, doğusunda *Ani Harabeleri*, batısında ise Efes ve Milas gibi birçok *antik kent* ve adını buradan sayamadığımız nice tarihi zenginlikler bulunmaktadır. Bu pencereden baktığımızda; Türkiye'yi adım adım gezsek, attığımız her adımında ayrı bir tarih, ayrı bir kültür ve ayrı bir güzellik olduğunu görebiliriz.

Anadolu'nun kadim milleti Türkler, tarihte birçok medeniyeti at sırtında kurmuşlardır. Ondan dolayıdır ki, Türkler atlara büyük önem vermektedirler. Türk komutanları ve büyükleri için at daima bir şan ve şeref vesilesi olmuştur. Bu kişiler her zaman en iyi atları yetiştirmişler ve en iyi atlara sahip olmak istemişlerdir. Ata bu kadar önem veren bir milletin, bir zamanlar Anadolu coğrafyasında dünyanın en iyi atlarını yetiştirildiğinden şüphe etmemek gerekir.

At asırlar boyu bizim; folklorumuza, edebiyatımıza, şiirlerimize, spor ve oyunlarımıza girmiştir. Belki de atların bu kadar ön planda olması; hız, estetik, güç ve asaleti bir arada bulunduran bir varlık olmalarından kaynaklanmaktadır. Tarihin tozlu raflarına baktığımızda, atı konu alan binlerce esere ulaşmak mümkündür.

Ülkemizde, dün olduğu gibi bugün de; at yetiştiriciliği insanlar için zevkli bir uğraş ve istihdam alanı oluşturmaktadır. Bu sebeple önemi her geçen gün daha da artmaktadır. Sektörün, global düzeyde daha çok gelişmesini sağlamak için, Tarım ve Orman Bakanlığımız her aşamada desteklemektedir.

Ülkemizde yetiştiriciliği yapılan Türk Safkan İngiliz atların geliştirilmesine yönelik çalışmalarımız her geçen gün artmakta olup; Türk Safkan İngiliz atların yarışlardaki başarıları, bizi ulusal ve uluslararası arenalarda daha ileri seviyeye taşıyacağına olan inancım ve güvenim tamdır. Bu vesileyle; yayınlamış olduğumuz 3. Cilde 18. Ek Türk Safkan İngiliz Atı Soy Kütüğü'nün at severlere güzel bir armağan olduğunu düşünüyorum.

Türk Safkan İngiliz atları Soy kütüğü'nün hazırlanmasında emeği geçen çalışma arkadaşlarıma teşekkür ediyorum, atçılık sektörümüzde hayırlı olmasını temenni ediyorum.

FOREWORD

Anatolia is an ancient region that has been home to many civilizations over centuries. Turkey is one of the few countries that host the cultural heritage of so many civilizations in their hearts. When we look at this ancient region from a bird's eye view, we see *Zeugma* and *Göbeklitepe*, the zero point of the history of humanity and the cradle of civilizations, in the south; *Sümela Monastery* in the north; *The Ruins of Ani* in the east; many *ancient cities* such as Ephesus and Milas in the west, and countless other historical heritages. From this point of view, it is possible to say that if we travel all around Turkey, we find a different history, culture, and beauty at each step.

Turks, the ancient nation of Anatolia, have established many civilizations on horseback throughout history. Therefore, Turks give great importance to horses. Horses have always been a symbol of glory and honor for Turkish commanders and statesmen. They have always bred the best horses and wanted to own the best horses. There should be no doubt that a nation that gives such great importance to the horses, once bred the best horses in the world, in Anatolia.

Horses have always been a part of our folklore, literature, poems, sports, and games. Perhaps they are in the forefront because they combine speed, aesthetics, power, and nobility. Thousands of works about horses can be found on the dusty shelves of history.

Today, as in the past, horse breeding is an enjoyable occupation and a source of employment in our country. Therefore, becomes more and more important every day. Our Ministry of Agriculture and Forestry supports this industry at every stage to ensure further development at the international level.

Our efforts for the development of the Turkish Thoroughbreds, bred in Turkey, increase every day. I have full confidence that the successes of Turkish Thoroughbred horses in races will take us to the next level in the national and international arenas. Therefore, I think the 18. Supplement to Volume 3 of the Turkish Thoroughbred Stud Book that we have published is a nice present to the people loving horses.

I would like to express my gratitude to those who have contributed to the preparation of the Turkish Thoroughbred Stud Book, and I hope it will be beneficial to our sector.
